SBS INSTITUTE

2025 ONLINE CERTIFICATION CALENDAR

The SBS Institute provides uniquely designed cybersecurity education for banking and other regulated industries. Certification courses include real-world scenarios, regulatory compliance best practices, access to a library of resources, and the opportunity to develop valuable material to implement at your institution. By obtaining a cybersecurity certification, individuals can join a community of professionals committed to strong cybersecurity practices and career advancement, better prepare for threats and regulations, and create confidence with examiners and auditors. Each course is available online and is tailored to specific roles within an institution, creating a flexible and targeted learning experience.
